Knowledgeable: Python | Typescript | React hooks | Next.js | Tailwind CSS | Express | Zustand | JWT | Bcrypt

TECHNICAL PROJECTS

Zenkai | Fullstack Developer | March 2024 | [Zenkai](#) | [Github](#)

Zenkai is a dynamic platform combining anime streaming and e-commerce, catering to dedicated anime fans. It offers a seamless experience for watching favorite series and shopping for exclusive clothing and accessories. Fans can enjoy high-quality content while expressing their passion through unique merchandise.

- Designed and developed the Zenkai platform using the PERN (PostgreSQL, Express, React, Node) stack, optimizing data management and ensuring robust server-side logic.
- Implemented a modern, responsive design using TailwindCSS, enhancing user experience across various devices and increasing user engagement by 15%
- Collaborated with team members using Git Project for streamlined version control and effective project management..
- Engineered and maintained robust RESTful APIs, facilitating a 40% reduction in data transmission errors and ensuring seamless integration between frontend and backend components for enhanced user experience.

EXPERIENCE

Warehouse Associate | Amazon | Mahwah, NJ | November 2023 - Present

- Assist in optimizing warehouse operations, boosting order fulfillment speed by 5% through efficient workflow.
- Enhance IT maintenance and updates, contributing to a 25% reduction in system downtime and improving overall performance.
- Participate in introducing predictive maintenance protocols for technical equipment, resulting in a 20% increase in workflow efficiency and a 10% reduction in repair cost.

Store Supervisor | Lidl | Bergenfield, NJ | January 2020 - November 2023

- Managed a team of 5 - 10 employees ensuring smooth operations and exceptional customer service.
- Trained new team members, leading to a 20% increase in overall team efficiency and knowledge retention.
- Administered inventory records and conducted stock audits, and optimizing availability and reducing stock discrepancies by 30%
